AND NOW, on this 22nd day of September 2022, upon consideration of the stipulation of the undersigned counsel on behalf of their respective clients, and, whereas, Defendants seek to conduct an independent medical examination of Plaintiff under Rule 35 of the Federal Rules of Civil Procedure, **IT IS HEREBY ORDERED AND AGREED**, that the following stipulation of counsel is **ADOPTED AS AN ORDER OF THIS COURT**:

Plaintiff, Donald Michael Outlaw, and Defendants, the City of Philadelphia, Howard Peterman, and Jeffrey Piree, agree and stipulate that Plaintiff shall submit to a psychiatric examination with the following manner, conditions, and scope pursuant to Rule 35 of the Federal Rules of Civil Procedure. The scope of the examination is described in paragraphs 4-5, below.

Plaintiff has agreed to submit to a medical examination conducted by Defendants' expert for purposes of Defendants' ability to prepare a rebuttal report, only. Plaintiff reserves the right to take appropriate action to preclude or otherwise address any opinions of Dr. Joy outside the scope of rebutting the opinions and findings of Dr. Rushing.

Provider Conducting the Examination

1. The examination will be performed by Dr. Michelle Joy, M.D. Attached to this stipulation as Exhibit A is a copy of Dr. Michelle Joy's Curriculum Vitae, which she provided, setting forth her qualifications and background.

Time, Date, and Location of Examination

2. The time, date, and location of the in-person psychiatric examination will be Friday, September 23, 2022 at 3:45 p.m., at the offices of Dr. Michelle Joy at 1700 Market Street, Suite 1005, Philadelphia, PA 19103.

3. The IME shall be limited to no more than four (4) hours of face-to-face time, exclusive of time for breaks, provided that Plaintiff reasonably cooperates and does not interfere with, or unreasonably delay any part of the examination. Plaintiff shall be permitted to take reasonable breaks during the examination, including, but not to limited to bathroom breaks.

Scope of Examination

4. The scope of the examination will be limited to the subject matter of the report of Dr. Susan Rushing, disclosed by Plaintiff, including the effect Mr. Outlaw's interrogation, arrest, conviction, and incarceration has had on his life.

5. The examination will consist of up to two parts.¹ The first part will consist of a standard in person psychiatric interview. The second part of the examination, if conducted, may include administering one or more standard written psychological and/or psychiatric testing and screening cognitive assessments of the type laid out in Dr. Rushing's expert report.

Expert Discovery

6. This expert shall produce a report on the rebuttal report deadline of September 27, 2022, unless deadlines are otherwise moved by the Court, and shall sit for deposition prior to the close of expert discovery on October 11, 2022, unless extended by the Court.
